**SAVE THE DATE
FOR SA'S PREMIER
GREEN BUILDING EVENT!**

 **EARLY BIRD RATES TILL 30 APRIL 2010 REGISTER NOW!**

Far from being a passing trend, Green Building is fast becoming the mainstream property norm. Join the Green Building Council and leading international and local experts for two days of presentations and panel discussions covering all aspects of green building.

Get updates on world leading projects as well as local case studies, insight into how to go about greening your existing buildings as well as useful information on South Africa's official rating system, Green Star SA.

Become familiar with the latest green building products and technologies at the growing exhibition and form valuable working relationships at the Opening Cocktails and Convention Dinner.
